

Association of African American Museums Annual Awards 2017

The Association of African American Museums presents three awards each year to outstanding practicing and future museum professionals through the *Dr. John E. Fleming Award*, the *Museum Leadership Award*, and the *Pace Setter Award*. Recipients are recognized during the AAAM Awards Luncheon.

Award Descriptions

The Dr. John E. Fleming Award

This award, the highest honor presented, recognizes museum professionals who have contributed outstanding expertise and exceptional dedication to African and African American focus museums nationally and internationally through a career spanning twenty years or more.

The Museum Leadership Award

This award recognizes museum professionals, in the field for ten years or more, who have displayed exceptional leadership in museum work and particularly in the advancement of African and African American focus museums nationally and internationally.

The Pace Setter Award

This award recognizes museum professionals who, in the field for less than ten years, have demonstrated exceptional innovation and dedication to sustaining African and African American focus museums nationally and internationally.
