

ASSOCIATION OF AFRICAN AMERICAN MUSEUMS

in partnership with

NOFO 2023 Grant Guidelines

PROGRAM DESCRIPTION

Purpose

The **African American Civil Rights Network (AACRN)** Grant Project will document, interpret, and preserve the history and stories of the African American struggle to gain equal rights. The program funds research, documentation, educational, and interpretative projects to commemorate, honor and interpret “. . . the history of the African American Civil Rights movement as a crucial element in the evolution of the Civil Rights Act of 1964; and the relevance of the African American Civil Rights movement in fostering the spirit of social justice and national reconciliation.” Grants are awarded through a competitive process and do not require a non-Federal match. Eligible entities must be members or recipients of an [NPS State, Local, Tribal, Planning and Grants Division \(STLPG\)](#) African American Civil Rights Grant prior to application deadline.

The AACRN grants support community efforts to document, protect, preserve, and interpret important resources with a verifiable connection to the history of African American civil rights. These competitively funded projects will leverage additional investment in African American civil rights resources and will support the work of community groups, non-profits, and state or local governments in preserving and interpreting their historic resources. Through these preserved historic places and these educational and research programs and facilities, the public will learn more about the role of African Americans in the development of the nation. The increased ability to appreciate African American heritage rests on the protection, preservation and promotion of properties, facilities, and interpretive programs associated with this history and on ready access to information about the importance of these resources to people of all ages, races and ethnicities. Information gained from all of the projects will lead to a deeper understanding of the African American experience than currently exists.

Background

The **African American Civil Rights Network (AACRN)** was created with the passage of the African American Civil Rights Network Act of 2017 (Public Law 115-04) to recognize “the importance of the African American Civil Rights movement and the sacrifices made by the people who fought against discrimination and segregation.” The Network is established within the National Park Service (NPS), who oversees the process for adding properties, facilities, and programs to the Network. These must have a direct and verifiable connection to the African American Civil Rights movement.

AACRN is not a competitive program; all properties, facilities, and programs that meet the requirements will be added to the Network.

To apply for AACRN, please visit: [African American Civil Rights Network](#).

The **Association of African American Museums (AAAM)** was established to provide professional development and networking opportunities to serve its membership base and African American and African diaspora audiences broadly. AAAM has a longstanding success rate of convening leaders, from national and international institutions, around issues of professional development and capacity building, boasting a membership of over 1,100 individual and institutional members rallying around this worthy cause.

Membership is composed of museums, museum professionals, institutions, and individuals that share an interest in African American art, culture, and history. Through training opportunities and member services, AAAM supports the goals of African American museums and museum professionals. AAAM includes cultural organizations, historical societies and museums which not only collect, preserve, and exhibit objects valuable to art, history and science, but also educational institutions, research agencies and cultural centers.

AAAM works as an advocate for the interests of institutions and individuals committed to the support of African and African derived cultures. It defines a relationship for the body of such institutions within the national museum community, and seeks to strengthen such institutions through improved communication, shared resources, training, annual conferences, technical assistance, and fundraising guidance. AAAM also provides, through newsletters, placement bureaus, etc., services supportive for the professional needs of its membership.

Prior to award, the program will review any applicant statement regarding potential overlap or duplication between the project to be funded and any other funded or proposed project in terms of activities, funding, or time commitment of key personnel. Depending on the circumstances, the program may request modification to the application, other pending applications, or an active award, as needed to eliminate any duplication of effort, or AAAM may choose not to fund the selected project.

The program may not make an award to an applicant that has not completed the SAM.gov registration. If an applicant selected for funding has not completed their SAM.gov registration by the time AAAM is ready to make an award, the program may determine that the applicant is not qualified to receive an award. The program can use that determination as a basis for making an award to another applicant.

Qualified AAAM personnel, and in some cases independent federal and non-profit expert reviewers, will review all proposals. All proposals for funding will be considered using the criteria outlined above. A summary of the review panel comments may be provided to the applicant if requested.

a. Initial Review

Prior to conducting the comprehensive merit review, an initial review will be performed to determine whether: (1) the applicant is eligible for an award; (2) the information required by the NOFO has been submitted; (3) all mandatory requirements of the NOFO are satisfied; and (4) the proposed project is responsive to the program objectives of the NOFO (program determination). If an applicant fails to meet the requirements or objectives of the NOFO, or does not provide sufficient information for review, the applicant will be considered non-responsive and eliminated from further review.

b. Comprehensive Merit Review

All applications that satisfactorily pass the initial review will be eligible for the Comprehensive Merit Review. Each criteria element will be scored with the following **suggested** range:

Description				
Criterion 1	Criterion 2	Criterion 3	Criterion 4	
5	5	5	5	Superior
4	4	4	4	Good
3	3	3	3	Satisfactory
2	2	2	2	Marginal
1	1	1	1	Poor
0	0	0	0	Not Acceptable

The scoring of each criterion must be based on the strengths and weaknesses of the application materials. To assist in assigning an appropriate score, the following will be used as guidance:

Rating	Descriptive Statement
Superior	Applicant fully addresses all aspects of the criterion, convincingly demonstrates that it will meet the AAAM's performance requirements, and demonstrates no weaknesses.
Good	Applicant fully addresses all aspects of the criterion, convincingly demonstrates a likelihood of meeting the AAAM's requirements, and demonstrates only a few minor weaknesses.
Satisfactory	Applicant addresses all aspects of the criterion and demonstrates the ability to meet the AAAM's performance requirements. The Application contains weaknesses and/or a number of minor weaknesses.
Marginal	Applicant addresses all aspects of the criterion and demonstrates the ability to meet AAAM's performance requirements. The Application contains significant weaknesses and/or a significant number of minor weaknesses.
Poor	Applicant addresses some aspects of the criterion and demonstrates some doubt in the likelihood of successfully meeting the AAAM's requirements. Significant weaknesses are demonstrated and clearly outweigh any strength presented.
Not Acceptable	Applicant does not address all aspects of the criterion and the information presented indicates a strong likelihood of failure to meet the AAAM's requirements.

c. Selection

The Selection Official may consider the merit review recommendation, program policy factors, and the amount of funds available to select applications for funding.

d. Discussions and Award

AAAM may enter into discussions with a selected applicant for any reason deemed necessary, including, but not limited to: (1) only a portion of the application is selected for award; (2) AAAM needs additional information to determine that the applicant is capable of complying with the requirements of DOI Financial Assistance Regulations, and/or (3)

additional specific terms and conditions are required. Failure to satisfactorily resolve the issues identified by AAAM may result in award cancellation.

e. Evaluation of Applicant Risk

Applications selected for funding will be subject to a pre- award risk.

Anticipated Announcement and Award Dates

Projects receiving funding through this Notice of Funding Opportunity will start once funding has been secured and awards have been made. Agreements are not effective until released through Submittable by AAAM Grants Manager. **Do not anticipate a start date sooner than 6 months following the application deadline.**

FEDERAL AWARD ADMINISTRATION INFORMATION

Award Notices

Upon being selected for the award, successful applicants will receive notification of the selection of their application for funding. AAAM anticipates funding notifications to the applicants selected for award around 3 months following the application deadline. A notice of selection is not an authorization to begin performance on an agreement. This notice will detail the next steps in the awarding process.

Work cannot begin before the grantee receives a fully executed copy of the grant agreement through Submittable by the AAAM Grants Manager. Any pre- award costs incurred prior to the receipt of a fully executed copy of the grant agreement or written notice signed by a Grants Manager authorizing pre-award costs, is at the applicant's own risk.

Organizations whose applications have not been selected will be advised as promptly as possible.

Reporting

Financial Reports

All recipients must use the AAAM Financial Report form for financial reporting. At a minimum, all recipients must submit a **final** financial report. Final reports are due no later than 120 calendar days after the award period of performance end date or termination date. For awards with periods of performance longer than 12 months, recipients are required to submit **interim** financial reports on the frequency established in the Notice of Award.

Performance Reports

Performance reports must contain a comparison of actual accomplishments with the established goals and objectives of the award; a description of reasons why established goals were not met, if appropriate; and any other pertinent information relevant to the

project results. Final reports are due no later than 120 calendar days after the award period of performance end date or termination date.

Significant Development Reports

Events may occur between the scheduled performance reporting dates which have significant impact upon the supported activity. In such cases, recipients are required to notify the Bureau in writing as soon as the recipient becomes aware of any problems, delays, or adverse conditions that will materially impair the ability to meet the objective of the AAAM award. This disclosure must include a statement of any corrective action(s) taken or contemplated, and any assistance needed to resolve the situation. The recipient should also notify AAAM in writing of any favorable developments that enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

Conflict of Interest Disclosures

Recipients must notify the program immediately in writing of any conflict of interest that arises during the life of their award. Recipients must notify the program in writing if any employees, including subrecipient and contractor personnel, are related to, married to, or have a close personal relationship with any employee in the funding program or who otherwise may have been involved in the review and selection of the award. The term employee means any individual engaged in the performance of work pursuant to the award. Recipients may not have a former AAAM employee as a key project official, or in any other substantial role related to their award. AAAM will examine each conflict of interest disclosure based on its particular facts and the nature of the project and will determine if a significant potential conflict exists. If it does, AAAM will work with the recipient to determine an appropriate resolution. Failure to disclose and resolve conflicts of interest in a manner that satisfies AAAM may result in termination of the award.
